Key: p = For ages less than 8, pauses of up to 10 seconds are allowed; other ages may not pause longer than 3 seconds. For ages over 19, records set by older athletes supersede those of younger adults if they better them. For ages less than 20 records are kept for individual ages. e = estimated; m = Stroe did muscle-ups which are more difficult than pullups; n = some reps not counted (1) Editor judged in person; (2) Editor judged tape + other witnesses; (3) YouTube; We think Courtney and Irina Rudometkin are the same person; (4) Natl.
